Appointments and Preps:

12:30 pm Smilow Nuclear Med/PET (Please arrive 15 minutes early to check in.)

Prep:

- > You will receive a call from the Nuclear Medicine Department confirming your arrival time.
- > No food, sugar containing drinks, candy or gum for 6 hours prior to your scan.
If you eat, it may cause your blood glucose (sugar) level to increase which will result in your PET scan being rescheduled.
- > You may only drink water prior to your scan.
- > If you are DIABETIC, please consult with your physician about adjusting your blood sugar control regimen to maintain a blood glucose level below 200 mg/dl for the arrival time of your appointment. Insulin CANNOT be taken 6 hours prior to your appointment.
- > No strenuous/physical exercise 24 hours prior to your scan
- > The exam takes approximately 2 to 2.5 hours.
- > Wear clothing that has no metal on it and jewelry should not be worn.
- > After your injection of the radioactive tracer, you will be required to relax in a dimly lit room for 45-60 minutes.
- > The radioactive tracer is specifically ordered for your exam time and will expire shortly after injection time, being late may result in your exam being rescheduled.
- > If you have issues with claustrophobia, please speak with your physician so he/she can prescribe a relaxant if necessary.
- > If you are unable to keep your appointment or have any questions, please call us at 203-688-1010.

4:00 pm Fitkin MRI (Please arrive 30 minutes early to check in.)

Prep:

- > You will need to change into hospital attire.
- > If you have any implants, please bring card, or information on implant.
- > If contrast was ordered, an IV will need to be placed.
- > Exam will take 45 mins.
